## Centrally Located in New England

Our office, nursery and storehouses are located on the Springfield-Westfield road, Route No. 20, six miles from Springfield and two miles from Westfield—Busses pass the Nursery at frequent intervals

## Nomenclature

Plant names in this edition have been corrected to correspond with "Standardized Plant Names" an accepted authority on plant nomenclature. Species and natural varieties only are entitled to Latin or botanical names. All hybrids, polybrids, clons and horticultural varieties now only receive a suitable English or common name. All names in bold type are correct. Those in italics have been in common use but are now considered incorrect.

Index of Common Names will be found on Page 54.

## Ninety-Sixth Year

## *Information*

### ***Guarantee***

**SIX MONTHS' GUARANTEE:** We guarantee to deliver nursery stock in first class condition so that with proper aftercare losses will be reduced to a minimum. Should any stock purchased at our retail prices fail to grow within six months, unless it is from winter kill, we will resupply free of charge plus the cost of labor necessary to plant.

Should we not have the same plants in stock we reserve the right to give credit for the amount paid in other plants of your selection.

We will cheerfully resupply any plant found not true to name, or we will refund the amount paid for the same, but it is mutually understood that at no time shall we be held responsible for a greater sum than the purchase price.

Our guarantee is void on accounts not paid within thirty days after date of invoice, which is according to government credit rules.

### **SHIPPING METHODS:**

Shipments will be forwarded as purchasers direct, but in the absence of instructions we will use our best judgment and forward plants by shortest and safest route.

### **QUANTITY RATES:**

Plants offered in this catalog will be furnished at the annexed price only when the quantity specified shall be taken. Twenty-five at the hundred rate and five at the ten rate.

### **TERMS:**

We are glad to extend thirty day terms to established accounts. Also to open new accounts, via references, if order amounts to \$10 or more. On first orders, for less than \$10 please send cash. Our guarantee is void on overdue accounts.

### **SHIPPING SEASON:**

Our spring shipping season usually begins early in April and until about the first of June everything can be transplanted. Perennials and stock dug with a ball of earth can be moved at anytime during the summer. Our fall season starts with the digging of evergreens in August, followed in October by Deciduous trees and shrubs.

## *To Our Customers*

### **SERVICE DEPARTMENT:**

We shall try and maintain service commensurate with the times, however, like every business organization we have contributed our share of personnel to the armed forces and defense industries. We find our ranks depleted to such an extent that it may be impossible to continue some of our customary services. We trust our customers will take this into consideration especially during the spring rush.

### **LANDSCAPE DEPARTMENT:**

We maintain a staff of competent men, trained and experienced to assist home owners in selecting the proper plants for their proper locations. We shall be glad to submit plans and estimates, there being no obligation connected with this service, and no charge if plant material is purchased from us. Adams Landscape Service includes personal consultation on your grounds with these trained men whose only desire is to create beauty and a satisfied customer. You can place confidence in their suggestions as thousands of others have done before. Telephone for an appointment.

### **DELIVERIES:**

Due to the all-out war effort and government regulations it has become more difficult to maintain our delivery schedules. It will be necessary to eliminate all special deliveries. We will endeavor to continue retail deliveries at no additional charge within a radius of twenty-five miles when they may be incorporated on our regular delivery trips. Deliveries of full truck loads outside our twenty-five mile limit may be arranged at cost.

### **PRICES:**

Prices in this book supersede all previous lists and are subject to change without notice. Except for those retail orders received from within the free delivery twenty-five mile zone, prices are F.O.B. nursery.

## *Evergreen Foundation Plantings*

In the city where space is often limited the Evergreen foundation planting is perhaps the most important feature of the home landscape.

The proper selection of plant material will increase the property valuation and never obscure the windows or vision. Let us help you plan your Foundation Planting.

## *Outdoor Living Rooms*

Since it is our patriotic duty to refrain from travel, our homes should provide all the necessary facilities for outdoor relaxation. Develop an Outdoor Living Room where leisure time may be spent in the fresh air and sunshine.

Privacy may easily be obtained by planting a shrub or evergreen border. Roses and perennials should be introduced as added refinement and beauty.

The small amount of installation expense and maintenance will pay dividends in health and morale.

We shall be glad to help you plan your Outdoor Living Room.

Evergreen Trimming and Spraying

To maintain health and preserve symmetry your evergreen plantings should be trimmed once a year preferably during the winter or summer months. Spraying should be done as a preventative to avoid disease and infestation. Our experienced men are properly equipped and at your service. Your order may be placed anytime with the assurance that the work will be done at the proper season.

## Testimonials

ADAMS NURSERY, INC.

Gentlemen:

We have completed the memorial planting for my son this afternoon.

I am glad to report that your nursery stock was excellent in every way. The plants were well selected, clean, sturdy stock, well dug and handled. I am most grateful for your attention to this order.

.....

Gentlemen:

It is a very great comfort these days to deal with a firm like yours. Your guarantee means something and I think it quite wonderful that you should send me specimens as good as if I had picked them out myself. I would like you to know I appreciate this service. Please find my check inclosed.

## MAINTAIN MORALE

War puts a heavy strain on nerves and morale. If we are to back our men in the service and keep them fighting, our morale at home must be maintained. You can find relief from the cares and worries of war amid surroundings of beauty and color. In your garden of flowers you may forget your day's troubles. So when you plant fruits for your Victory Garden, plant also a few trees, shrubs and flowers to make life more bearable and maintain your morale.
